

FARMERS MARKET GUIDE

Whether you're staying local or planning a road trip to another part of our state, farmers markets are a fun way to seek out and try Colorado grown, raised or made products. This summer, make a point to visit one of Colorado's nearly 100 farmers' markets to learn where your food comes from; connect with local farmers and ranchers; and select fresh seasonal produce, artisan meats and cheeses, and a variety of other food and agricultural products.
