

FARMERS MARKET

resource guide

Farmers markets are a fun way to seek out and try locally grown, raised or made products. This summer make a point to visit one of Colorado's more than 100 farmers markets to learn where your food comes from; connect with local farmers and ranchers; and select fresh seasonal produce, artisan meats and cheeses, and a variety of other food and agricultural products.

From our state to your plate, learn more and find a farmers market near you at ColoradoProud.com/Farmers-Market
